

Quotes from the DVD, *The Secret*

THESE ARE SELECTED QUOTES FROM THE LAST THREE “CHAPTERS” OF THE DVD, *THE SECRET*. I PICKED QUOTES THAT GET AT THE CORE CONCEPTS OF *THE SECRET* OR THAT ARE QUITE POINTED IN THEIR THEOLOGICAL IMPLICATIONS. THEY ARE LISTED IN THE ORDER IN WHICH THEY ARE PRESENTED.

What you resist persists.

Learn to become still and to take your attention away from what you don’t want and place the attention on what you wish to experience.

Energy flows where attention goes.

It’s not your job to change the world or the people around you, its your job to go with the flow inside of the universe

There’s more than enough good to go around. All of this comes through a mind that is aware of its own infinite nature.

Every great teacher who has ever walked on the planet has told us that life was meant to be abundant. (*This quote is a voice-over while the video shows the statue, Christ the Redeemer, in Sao Paulo.*)

If you believe it, if you can see it, if you can act from it, it will show up for you, that’s the truth.

Speaker: “Describe energy.”

Scientist: “Okay, it can never be created or destroyed; it always was; always has been; everything that ever existed always exists; it’s moving into form, through form, and out of form.”

Speaker: “What created the universe?”

Theologian: “God.”

Speaker: “Okay, describe God.”

Theologian: “Always was and always has been; never can be created or destroyed; all that ever was, always will be, always moving into form, through form, and out of form.”

Speaker: “You see, it’s the same description, just different terminology.”

You are eternal life; you’re source energy; you are God manifested in human form, made to perfection.

Scripturally, we could say we that we are the image and likeness of God; we could say we are another way that the universe is becoming conscious of itself; we could say that we are the infinite field of unfolding possibility; all of that would be true.

Every great tradition has told you that you were created in the image and the likeness of the creative source. That means that you have God potential and power to create your world, and you are.

All power is from within and is therefore under our own control.

You are the designer of your destiny. You are the author. You write the story. The pen is in your hand. And the outcome is whatever you choose.

We can create it the way we want it by using the law of attraction.

And you can break yourself free from your hereditary patterns, cultural codes, social beliefs, and prove once and for all that the power within you is greater than the power that's in the world.

Whether you think you can or you can't, either way you are right - Henry Ford

We are unlimited beings; we have no ceiling. The capabilities and the talents and the gifts and the power that's within every single individual on this planet is unlimited.

There is no blackboard in the sky on which God has written your purpose, your mission in life . . . and all I have to do is find that blackboard and find out what God really has in mind for me. But the blackboard doesn't exist. So you're purpose is what you say it is. Your mission is the mission you give yourself. Your life will be what you create it as and no one will stand in judgment of it, now or ever.

If it ain't fun, don't do it.

Follow your bliss and the universe will open doors for you where there were only walls - Joseph Campbell

See yourself with the good that you desire. Every religious book tells us that; Every great book on philosophy; Every great leader (*video shows Emerson, Edison, Einstein*); all the avatars who have ever lived. Go back and study the wise ones. Many of them have been presented to you in this program. You know what? They all understood one thing, they understood the secret.

Now you get that you are the creator of your destiny.

I believe that you're great, that there's something magnificent about you. Regardless of what has happened to you in your life, regardless of how young or how old you think you might be, the moment you began to think properly there's something within you, there's power within you that's greater than the world, it will begin to emerge, it will take over your life, it will feed you, it will clothe you, it will guide you, protect you, direct you, sustain your very existence, if you let it. Now that is what I know for sure.
